RE: Eagle Signal Controls, IAD051001337  
Termination of Interim Status

Dear Mr. <sup>Campbell</sup>McLaughlin:

On August 27, 1984, Mr. R. Klemens, Vice-President of Gulf & Western Manufacturing Company submitted a request to remove Eagle Signal Corporation from the hazardous waste system. The Department has reviewed Mr. Klemens' request and recommends that it be granted. This decision is based on:

1. A January 31, 1984 letter from Donald Dresman of Gulf & Western Industries, Inc. to EPA demonstrating financial assurance for closure.
2. A closure plan received March 23, 1984.
3. An April 11, 1984 letter from Michael Bauer of Gulf & Western Manufacturing Company submitting revisions to the financial test documents.
4. A May 23, 1984 letter from Richard W. Erickson of Eagle Signal Controls regarding status of closure activities.
5. A July 27, 1984 letter from Gary Rozmus of Eder Associates Consulting Engineers to Barbara Cook submitting the closure plan.
6. A August 6, 1984 letter from Michael Bauer of Gulf & Western Manufacturing Company to Barbara Cook demonstrating liability coverage for sudden accidental occurrences.
7. A August 27, 1984 letter from R.W. Klemens to R.E. Campbell requesting termination and indicating that closure was conducted as per Eder Associates closure plan.

8. A August 30, 1984 Regional inspection report.

The Department requests that EPA begin the notice of intent to terminate interim status. If you have any questions on our decision, please don't hesitate to contact this Department.

Sincerely,

PROGRAM OPERATIONS DIVISION

Robert E. Campbell, P.E., Chief  
Air & Waste Permits Branch
